

Scheme B

1. Build new Pre-K – 2 for 650
85,000 s.f. @\$160/ft = \$13,600,000
2. Northside remains as is
3. HS 2,700,000 (As in Scheme "A")
4. MS 960,000 (As in Scheme "A")

Total Estimated Construction Cost:
\$17,260,000

PROS:

1. Lowest cost option
2. Would not require zoning
3. Could be coordinated on Northside site
4. Large class numbers allow consistent class size
5. Promotes teaching teams
6. Least change of existing

CONS:

1. High School & Middle School addition disruption as in "A"
2. Does not address overall aging of the High School
