

Scheme C

1. Northside to become Pre-K – 8 625 pupils
\$100,000 for toilets
2. Middle School to be Pre-K-8 550 pupils
Add PreK – K with toilets
6 classrooms w/self-contained toilets
(1,200 x 6 = 7,200 s.f. @ \$170 = \$1,224,000)
3. New Pre-K – 8 on new site (650 pupils)
85,000 s.f. @ \$165/s.f. = \$14,025,000
4. High School addition for 9th Grade Academy
\$2,700,000

Total Estimated Construction Cost:
\$18,049,000

PROS:

1. Provides Pre-K through 8 centers for all students
2. Cost effective solution in comparison

CONS:

1. Requires zoning for the Pre-K through 8 centers
2. Changes sports programs county wide through 8th grade
3. High School site would have young children on site
4. High School addition disruption as required to develop a 9th grade academy
5. Does not address the overall aging of the High School
